Fold and Behold!

Each puzzle results in a code word or words, which must be entered to stop the clock.
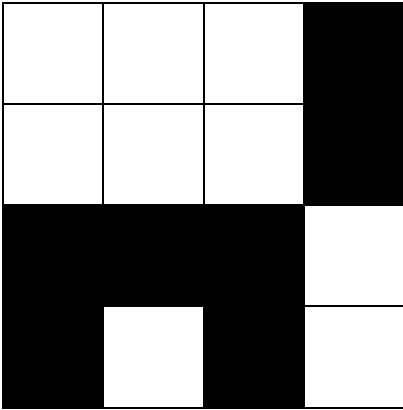

1. Create the **key**: Fold (but do not spindle or mutilate) the 8 x 8 square into a 4 x 4 square in such a way so that

- One side has a star (☆) in each of 16 squares and
- The other side has a smiley face (☺) in each of 16 squares.

This folded square is the **key**.

2. Place the **key** star-side-up and orient so that the solid blue star (★) is in the bottom left-hand corner.
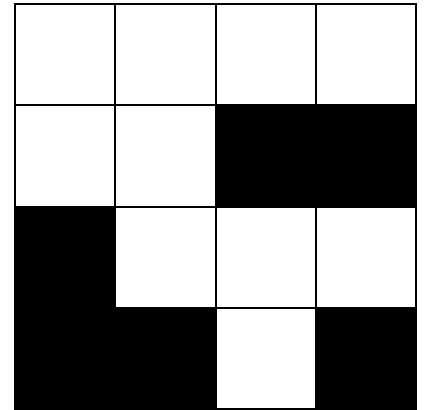

3. Reference the key to reveal six letters, each encoded in a 4 x 4 grid below.
